REPORT OF THE HEALTH AGENT

To the Tewksbury Board of Health

Gentlemen:

The following is my report for the year 1936. We have had only a few of the usual contagious cases, but the cases of dogbite have been many. These cases are serious in that they may cause financial losses to the owners as well as the town. I would suggest that owners of snappy ill tempered animals keep them in some restraint on their own property. The few cases of cerebro-spinal meningitis were a serious menace for several weeks, but the fine work of the State Infirmary Staff and State Health officials, cooperating with your agent brought the threatened menace to an abrupt termination. This kindly relationship with our hospital neighbor has always been a source of security to our town and we look forward with pleasure to its continuance.

Respectfully Submitted,

HERBERT M. LARRABEE, M. D., Agent

REPORT OF THE BOARD OF PUBLIC WELFARE

The following is a recapitulation of the families, and persons represented, aided by the Welfare Department of this Town for the year 1937:

	Families	Persons
Town settled cases aided in Tewksbury.....	69	257
Town settled cases aided in Lowell.....	13	43
Town settled cases aided in Billerica.....	1	3
Families with settlements in other Towns and Cities, aided in Tewksbury.....	18	63
Families with no settlement in state, aided in Tewksbury	39	139
Hospitalization	13	13
Welfare cases transferred to Old Age.....	5	5
Total	158	523

The Welfare situation in this Town was greatly alleviated by the aid granted the Town by the W. P. A. Work Relief Program during the year. All Welfare cases able to perform labor were taken off the Welfare rolls and assigned to W. P. A. Projects.

Expenses as per Auditor's Report..... \$ 15,238.53

During the year the following sums have been collected by this department:

Commonwealth	\$ 501.50
City of Lawrence	146.69
City of Lowell	360.00
City of Revere	141.00
City of Lynn	245.49
City of Waltham	305.34
City of Malden	721.69
City of Everett	223.85
Town of Dracut	487.00
Town of Wilmington	86.20
Town of Chelmsford	97.44
Town of Andover	17.75
Refunds	29.00
TOTAL	\$ 3,362.95

There is due from the following sources:

Commonwealth	\$ 4,373.51
City of New Bedford	235.91
City of Malden	325.86
City of Somerville	207.79
City of Lowell	293.34
City of Boston	53.28
City of Waltham	486.29
City of Revere	352.00
City of Everett	7.50
Town of Wilmington.....	128.50
Town of Chelmsford	104.00
TOTAL	————— \$ 6,567.98

There is due to the following:

City of Lowell.....	\$ 2,254.75
---------------------	-------------

There is an article in the Town Warrant to cover the above.

Respectfully submitted,

IRVING F. FRENCH,
HERBERT L. TRULL,

Board of Public Welfare.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

To the Board of Selectmen, Town of Tewksbury:

Gentlemen: Following is my report for inspection of meats and provisions for the year of 1936 from January 1 to December 31, 1936.

Number of sides of beef inspected.....	1210
Number of Calves inspected.....	669
Number of Hogs inspected.....	415
Number of Sheep inspected.....	8

Cattle Condemned

Number of sides of beef condemned.....	6
Number of heads condemned.....	3
Number of sets of lungs.....	9
Number of livers condemned.....	9

Swine Condemned

Number of Swine condemned	6
Number of Head condemned	2
Number of sets of lungs condemned.....	6
Number of livers condemned	7

Calves Condemned

Number of veals condemned	17
Number of sheep condemned	none

Respectfully submitted,

ASAHEL H. JEWELL.

REPORT OF INSPECTOR OF ANIMALS

To the Board of Selectmen of the Town of Tewksbury:

Gentlemen: Following is the report of the Inspector of Animals from January 1, 1936 to December 31, 1936.

Cows inspected.....	947
Young Cattle inspected.....	200
Bulls inspected.....	31
Sheep inspected.....	3
Hogs inspected.....	577
Goats inspected.....	0
Stables inspected.....	88

I have released for immediate slaughter 6 head of cattle.

For dairy purposes, 60 head of cattle and 10 dogs were quarantined for rabies and released at the end of 14 days. 1 stray dog head sent to Harvard University school.

I have inspected 1 barn after State and Federal supervision.

Respectfully submitted,

ASAHIEL H. JEWELL.

REPORT OF PARK COMMISSIONERS

To the Honorable Board of Selectmen:
Gentlemen:

As Park Commissioners, we submit the following report.

Mowing and raking of commons has been done as usual.

The bandstand was shingled and a new flag bought.

No curbing was laid owing to the uncertainty of just what the state would do in regards to grades of road, etc.

The flagpole should be scraped and painted this year.

We recommend an appropriation of \$200.

Yours very respectfully,

DANIEL F. DILWORTH, Chairman
THOMAS W. McAUSLAND
HARRIS M. BRIGGS

Park Commissioners.

REPORT OF AGENT FOR SUPPRESSION OF GYPSY AND BROWN TAIL MOTHS

To the Honorable Board of Selectmen, Tewksbury:

Gentlemen:

As Local Agent for the Suppression of Gypsy and Brown Tail moths, I submit the following report.

During the summer, spraying was done on roadsides where feeding was noticed. In October a W. P. A. Scouting Project was started which will cover the entire Town.

Up to this time practically the whole North section has been covered. Several very bad infestations have been found—25 acres, North side of Andover St., near Andover Line; 30 acres opposite the residence of H. C. Dawson; 20 acres south of Nils Johnson's residence; 50 acres North end Ames Pond to Andover St., south side Prospect Hill on Kendal St., 30 acres.

With only one-quarter of the Town scouted, no doubt, we will find more bad spots. Records of these are being kept and streets bordering them should be sprayed. The list will be sent to the Department of Conservation, and no doubt parasites will be distributed.

Again I wish to ask your help in looking for signs of Dutch Elm Bark disease. Watch for following signs from June to August, dead spikes at tops, yellow curled or wilted leaves. If noted, report to this department at once.

I recommend an appropriation of \$1000.

Yours respectfully,

HARRIS M. BRIGGS,

Tree Warden.

REPORT OF FISH AND GAME WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Fish and Game Warden the following report is submitted for the year ending December 31, 1936:

During the year 38 complaints were received and investigated, a total of 219 hours was spent in checking ponds and brooks in Tewksbury. Salvage work was again carried on at the Ames Pond by Department of Fisheries and Game, with the stock of fish being found, poor. Due to the reduction in the Department of Fisheries and Game Budget, the towns in Middlesex County received very little game for the year. It was first planned by the Department to winter young pheasants and distribute them the following spring as grown birds. Had this plan been carried out, it would have increased the quantity of pheasants.

A survey of the Town at this time, shows our covers are in great need of re-stocking.

Respectfully submitted,

CYRIL L. BARKER,

Fish and Game Warden.

REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden, I submit the following report.

Brush has been cut on most of our streets. In November, 1935, a W. P. A. Project was started for the pruning of all street trees, removal of dead limbs and those overhanging our streets, upto twelve feet in height. This work was done under the supervision of this department, and finished in October, 1936.

The total number of trees pruned were 16,252. A record was kept of trees on each street and the following species were pruned:

Red Oak	2762	Linden	44
White Oak	1534	Hornbeam	8
Apple	137	Sycamore	2
Hickory	154	Mulberry	1
Butternut	44	White Pine	3841
Alder	11	Pitch Pine	1093
Cedar	11	Locust	130
Horse Chestnut	10	Willow	92
Maple	2614	Cherry	124
Birch	1661	Catalpa	24
Elm	1355	Ironwood	2
Ash	349	Spruce	7
Poplar	242		

If the W. P. A. continues, a project should be written for filling of cavities which would help greatly in preserving some of our most beautiful trees.

I recommend an appropriation of \$1200.

Yours respectfully,

HARRIS M. BRIGGS,

Tree Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Selectmen of the Town of Tewksbury:
Gentlemen:

Following is the report of the Sealer of Weights and Measures for the year ending December 31, 1936.

Number of Scales Sealed

Platform scales, over 5,000 lbs.	3
Platform scales, 100 lbs. to 5,000 lbs.	6
Counter scales, 100 lbs. or over	1
Counter scales, under 100 lbs.	4
Beam scales, 100 lbs. or over	1
Beam scales under 100 lbs.	1
Computing scales, under 100 lbs.	7

Scales Not Sealed

Platform scales, 100 to 5,000 lbs.	1
Personal weighing (Slot)	1

Weights

Avoirdupois	33
-------------------	----

Capacity Measures

Liquid	10
--------------	----

Automatic Measuring Devices

Gasoline Pumps	32
Gasoline Meters	12
Kerosene Pumps	2
No. of Stops on Pumps	103
No. of Pumps that were not sealed because of lack of gasoline or out of use	7

Sealing fees turned in to Town Treasurer \$28.43.

Respectfully submitted,

D. J. CAMERON,

Sealer of Weights and Measures.

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Chief of the Fire Department, I herewith submit the following report:

Total number of fires attended.....	109
Forest Fires	62
Grass Fires.....	14
Building Fires.....	15
Automobile Fires	3
Out of town fires.....	4
False alarms.....	6
Chimney fires.....	5

Total value on buildings and contents: Thirteen thousand, four hundred, thirteen dollars (\$13,413.00). Damage: One thousand, seven hundred and ninety-eight dollars (\$1,798.00). Insurance paid: One thousand, seven hundred and ninety-eight dollars (\$1,798.00). Laid 800 feet 2½ inch hose, 12,250 feet of 1½ inch hose, 11,900 feet of 1 inch hose. Used 137 extinguishers. Raised 381 feet of ladders and traveled 502 miles to fires.

Personal property and real estate of the department, twenty-seven thousand, five hundred dollars (\$27,500.00).

A high pressure hydrant was installed at Main and Chandler streets on the State Water Main.

No. 4 truck has been rebuilt, painted and a new set of aluminum ladders installed.

Yours respectfully,

ALDEN S. HAINES.

REPORT OF TRUSTEES OF THE TEWKSBURY PUBLIC LIBRARY

The Trustees of the Public Library submit the following report:

The report of the auditor will give in detail the expenditures of the Library.

Monthly meetings of the Trustees have been held with the exception of July and August.

Increased patronage as well as the demand for three extra boxes to be filled and sent to new points in the town has made it necessary to add the services of an assistant Librarian on Saturday afternoon. This means that two librarians are now on duty at all times.

We deeply regret the loss of Miss Kate Folsom, one of our Trustees who served on the board for 20 years.

The trustees respectfully request that the article in the warrant asking for an appropriation of \$1,250.00 and the money received from the dog licenses be granted. We are notified by the town clerk that the receipts for the dog tax will be \$250.00 less than usual.

Our thanks are due to Miss E. Louise Jones, State Library Advisor, whose report will be found elsewhere.

We wish to thank our Librarians for their unfailing courteous service, and also the patrons of the Library for their co-operation.

Respectfully submitted,

DOROTHY FITZGERALD,
HAROLD J. PATTEN,
RUTH W. SMITH,
HARRY PRIESTLEY,
EDGAR SMITH,
MARION E. FRENCH, Sec.

Trustees.

TEWKSBURY POLICE DEPARTMENT

1936

CYRIL L. BARKER, Chief

WARNER BANCROFT, deceased

CHESTER E. BURGESS

C. ABBOTT BATTLES

LAUCHIE McPHAIL

ROSS SARGENT

Out-of-town investigations.....	4
Miles travelled in police work.....	18,209 miles
Value of property recovered.....	\$1,143.16

A short-wave police radio was installed in the crusing car last year, which was hooked up on the same wave length as the Lowell Police Department transmitter. Through the kindness of the City of Lowell, messages are transmitted for the benefit of the Town of Tewksbury. This piece of apparatus is without question an advanced move for the Town of Tewksbury, and a great asset to the police department.

At this time I wish to acknowledge the splendid co-operation extended me by the Honorable Board of Selectmen, and the citizens of the Town of Tewksbury, and commend my brother officers for their loyalty and untiring efforts.

Respectfully submitted,

CYRIL L. BARKER,

Chief of Police.

REPORT OF W. P. A. SPONSOR'S AGENT

To the Honorable Board of Selectmen:

The Works Progress Administration paid \$59,716.37 for wages to workers in the Town of Tewksbury in 1936. An amount approximately 50% greater than spent under ERA in 1935.

During the past year they completed the following work:

ROAD WORK

Farm to Market Roads

Widened and graveled 1.4 miles on Livingston St.

Widened 1 mile and graveled 1000 ft. on Pinnacle St.

Widened, put in drainage and graveled .4 miles on Trull Road.

Widened and graveled .9 mile on Foster st.

WATER HOLES

8 completed

- 1 Main St., near Carters.
- 1 Pleasant St. near O'Connells.
- 1 Chapman St. near Andersons.
- 1 Whipple Rd. near French's.
- 1 Marshall St. near Smiths.
- 1 Marshall St. near Benoits.
- 1 Clark Rd. near Garlands.
- 1 Chandler St. at Indian Spring.

Of the original work called for there remain 21 water holes to do.

HIGH SCHOOL

Completed making lawn, building walks and road around the school. Finished grading areas adjacent to the rear of the building. Put the gravel top on the tennis courts and erected the enclosure.

Considerable work has been done on the Athletic Field. Projects in for approval now call for completing the work of grading, loaming and planting grass seed on an area large enough to have a complete Athletic Field.

Playground areas at the Foster and North Schools were regraded.

TREE WORK

Some 16,252 trees on our town roads had all dead wood removed and were trimmed to provide better vision and to eliminate crowding.

At the present time a pest control project to eliminate gypsy and browntail moth is under way.

SEWING UNIT

As many as 20 women have been steadily employed making garments for the distribution to the needy.

WHITE COLLAR PROJECTS:

The results of the recent Water Survey has been placed in the hands of the townspeople.

Our Welfare Records project has been completed and the data turned over to the Board of Public Welfare. This was a fine constructive work. The records, now, with very little work, can be kept up to date, thus providing a complete case history of all past and present welfare recipients.

NATIONAL YOUTH ADMINISTRATION

A fine worthwhile project, employing up to 10 youths whose families were eligible for relief, has been conducted at the local library for the past several months. Work consisting of cleaning, re-cataloging and repairing is being done.

Respectfully submitted,

RALPH H. WHITEHEAD,

Sponsor's Agent.

REPORT OF BUREAU OF OLD AGE ASSISTANCE

Owing to the revised Old Age Assistance Law which became effective September 1, 1936, lowering the age requirement of applicants to 65, our Old Age roll has increased considerably.

Compilation of cases handled during the year is as follows:

Applications received and disposed of:

Granted	20
Denied	10
Pending	5

Total	35
Cases continued from 1935	8
Granted in 1936	20

Total	28
Cases closed during year	3

Active cases December 31	25
--------------------------------	----

FINANCIAL STATEMENT

Appropriation	\$ 3,000.00
Federal Grant, February to October	1,040.54
<hr/>	
Total funds available	\$ 4,040.54
Expenses	3,760.61
<hr/>	
Balance carried forward	\$ 279.93
Reimbursement from Commonwealth	\$ 1,200.11
Amounts due:	
Federal Grant for Nov. and Dec.	\$ 617.15
Commonwealth, May to December	749.03
Other Cities and Towns, May to December....	46.67
<hr/>	
	\$ 1,412.85

All money received from Federal Funds according to Section 7 of Chapter 437 of the Acts of 1936, must be set-up as a separate sum to be used only for Old Age Assistance. Thus any balance which may be on the books from the current year, together with all money received from the Federal Government, on account of the Social Security Old Age Account, is an available resource and can be used in addition to our appropriation for Old Age expenses during the year 1937.

Respectfully submitted,
IRVING F. FRENCH,
HERBERT L. TRULL,

**REPORT OF COMMITTEE ON
REPLACING G. A. R. MARKERS**

Tewksbury, Mass.
December 28, 1936.

To the Honorable Board of Selectmen:
Sirs:

As a committee to replace G. A. R. markers on soldiers graves in Tewksbury cemeteries, we submit the following report.

Our committee purchased 42 G. A. R. 10 Revolutionary War and 2 War of 1812 markers.

Markers were placed on all G. A. R. veterans graves, and G. A. R. markers on Revolutionary War and War of 1812 veterans graves were removed and replaced with the proper markers for these wars.

Our chairman re-set the Civil War government stones in the soldiers lot, leveling them up to the War Department specifications without expense to the town.

Respectfully submitted,

WINTHROP S. JONES
HARRY B. MURRAY
IRVING F. FRENCH
Committee on G. A. R. Markers.

TOWN OF TEWKSBURY

Committee on

AUTO INSURANCE RATES—FIRE INSURANCE RATES

TELEPHONE RATES

To The Voters of the Town of Tewksbury
Telephone Rates:—

We have gone over the Telephone situation in the Town very carefully. We do not think that the Town is receiving just treatment from the Telephone Company and find that the grade of service outside the base area rate is changing rapidly to the cheapest service possible, namely the old Rural Farmer's line. The Telephone company was asked by your committee to make some major changes but they flatly refused to do anything. Therefore we have made two major moves.

1. Requested a public hearing in behalf of the Town before the Massachusetts Department of Public Utilities in protest of mileage charges and the high toll rates to adjoining Towns, (including South Tewksbury).

2. We have caused Senator Cotton to file a resolve in the State Senate to the effect that the rate structure and the property of the New England T. & T. Co., be revaluated.

As these two measures are still pending with the probability that the hearing will not be held until after Town meeting we are asking that our Committee be continued another year.

Mileage charges increase as the distance from the central office of the local Telephone Exchange increases. Telephone charges on the better grades of service are more than doubled in the south and east parts of the Town by the mileage charges. This seems particularly hard after the Town has paid to have electric light poles placed on nearly every street in the Town. It should also be noted that mileage charges are not construction charges that are eventually payed off, but are charges that are kept up year in and year out.

Your committee believes that Tewksbury residents all over the Town are entitled to base area rates. We see no true reason why one

section should pay more than another section as Telephone service is mutual service and each phone is dependant on the other phones in the exchange in order to be of any value.

We wonder if all our Townspeople realize that it costs a ten cent toll to complete a telephone call between South Tewksbury and the rest of the Town? This is a condition that should not be tolerated.

AUTO INSURANCE RATES

In regards to Auto Compulsory Insurance rates your committee has held several conferences with Mr. E. S. Cogswell, First Deputy Commissioner of Insurance of the Mass. Department of Insurance, 100 Nashua Street, Boston. We also attended the Hearing held before the new rates were set. We went on record as protesting the Farm Truck Rates at this hearing. In regards to the pleasure car rates we have checked lists of all accidents that have been charged to Tewksbury Experience for the years 1931, 1932, 1933, 1934, 1935. The procedure was to scan the lists and note the ones that were illegally registered in Tewksbury. We have succeeded in having removed from the Tewksbury lists over \$3,000.00 worth of payments. This should amount to over \$4,000.00 worth of savings to the Automobile owners of Tewksbury on their Compulsory Insurance. We think that the pleasure car rates are as near correct as possible at the present time. We are not so sure about the truck rate situation as up to date our information on this type of vehicle is not complete.

Compulsory Insurance rates for a Town are based on the cost to the Insurance Companies of the accidents of the cars registered in the Town no matter where the accidents happen in the State. One bad accident can very materially affect the rate in a small Town such as ours.

FIRE INSURANCE RATES

In regards to Fire Insurance Rates Tewksbury is graded as Ninth Class for specifically rated property and grade "E" for minimum rates on dwelling house property. There are ten classes applying to specifically rated property from one to tenth class, tenth being a community with very poor or no protection. For dwellings there are six grades of protection from "A" to "F", "F" being a community listed as unprotected.

In the application of rates in a community such as Tewksbury, credit for the fire department is allowed within one mile (measured over regularly traversed highways) of an available fire department

station. The only fire department station which is so considered in Tewksbury is that located at East and Main Streets at Jackson Square.

Tewksbury is in a district of its own.

The losses occurring in Tewksbury are not utilized in establishing the rates for that Town. The losses for the State as a whole are utilized for such a determination.

The presence of water holes in a community does not reduce the rate applying to property in the vicinity. In allowing credit for automobile pumping engines in the fire department it is expected the community will make available as many natural bodies of water supply as possible.

2. The next step that would permit a better classification and correspondingly lower rates in the Town of Tewksbury as a whole would be the installation of a public water works system. It would be possible for the Town to establish additional fire department stations so that the credit which is now allowed within one mile of the existing fire department could be extended to other areas within one mile of any new established stations.

Respectfully submitted,

WILLIAM B. CARTER, Chairman
HAROLD F. SMITH,
ROBERT W. BARRON

REPORT OF FIELD LIBRARY ADVISER

Division of Public Libraries

The library was inspected by Miss Jones and a survey made of conditions, with recommendations to the trustees for improved service.

An NYA project was submitted to the Administrator and approved, which made it possible to carry out part of the recommendations. Mrs. C. W. Colbath was put in charge of the work under the supervision of Miss Jones, who made frequent visits. Great credit must be given to Mrs. Colbath for her faithful work and for the efficient handling of the project. Because of this a most worthwhile piece of work has been accomplished with no expense to the library except the cost of materials. 8 workers, under 25 years of age have been employed for 32 weeks.

Miss Jones inspected all the books, discarding useless, dilapidated and outmoded books, and put aside 225 volumes in serious need of repair. These were repaired by a worker from the Division of Public Libraries. The children's collection was in such physical condition that the very inadequate collection was greatly depleted. To help build up the collection the Division of Public Libraries gave about sixty books and the trustees have added many volumes and will continue to increase this department of the library. The children's collection is out of proportion to the adult collection and does not meet the requirements of the schools.

Under the NYA project an inventory of the entire library has been taken which means that every book has been checked with the catalog, thus giving an accurate record of the books in the library.

Additional cards have been made when necessary and author, title and subject cards of all non-fiction. These cards have all been arranged in one alphabet, making a dictionary card catalog. Thus a patron may find all books listed in the catalog under author and title, and all books on a given subject under the subject. The old labels have been removed from the backs of the non-fiction and the numbers put on in white ink and the back shellacked.

A new charging system has been installed. This has necessitated pasting pockets and date due slips in each book and writing a card with name of author and title for each book.

All the fiction has been arranged alphabetically on the shelves and the biography rearranged to bring all lives of one person together, arranged alphabetically by the name of the subject of the biography.

After this work had been completed extension of time was allowed and volumes were repaired. Mr. T. D. Bailey of Gaylord Bros. instructed the workers to carry on efficiently. The library is grateful to him for this service. The books are now in excellent physical condition. The catalog has been brought up to the standard of other libraries and it is now possible to know exactly what the resources of the library are.

The need of more room for the library is a very vital matter. In spite of the thorough housecleaning accomplished this year there is little room for additions. It is hoped that a rearrangement of stacks may make possible the erection of new shelves which will provide for about 500 additional books and make the room more inviting. This is only a temporary relief, however, and some definite plan for enlarged quarters should be formulated in the near future.

E. LOUISE JONES,

Field Library Advisor.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of magazines is increasing. The circulation of books in the districts shows a gain of 451 volumes.

Donations of books have been received from Phyllis Blair, the State Division of Libraries and from one of the patrons.

A number of books have been purchased on request and several have been borrowed from the State Library for patrons.

The library is open on Wednesday Evenings from 7 to 8.30 and on Saturdays from 2 p. m. to 9 p. m. Legal Holidays and the last two Saturdays in August excepted.

The librarians appreciate the co-operation of patrons in returning their books promptly.

ABBIE M. BLAISDELL,

Librarian

In Memoriam

KATE FOLSOM

Died in
TEWKSBURY, MASS.

June 2, 1936

For nineteen years a member of the Board of Trustees of the Tewksbury Public Library. In all those nineteen years the library has had a faithful member always willing to give of her time when she could be of service.

REPORT OF ROAD COMMISSIONERS AND
SUPERINTENDENT OF STREETS

Board of Selectmen:
Tewksbury, Mass.
Gentlemen:

The following is our report for the year ending December 31, 1936.

CHAPTER 81, AND GENERAL HIGHWAY MAINTENANCE

The usual highway maintenance was carried out during the year. All oiled roads were patched where necessary with bituminous material during the summer months. Livingston Street, which was graveled by the W. P. A., received one application of tar, from Main Street to the Bancroft at the State General Hospital. The culvert on Whipple Road, about 600 feet westerly of the ice house, was lengthened six feet. This gave us a chance to widen the road at this point.

Considerable work was done opposite the Johnson residence on Astle Street, where it was found that the Highway was built beyond the Town's boundary line. We had to cut away an embankment about ten feet in width in order to make the road passable. This work also eliminates a very dangerous curve.

The heavy rains of March caused a number of serious washouts, as well as flooded cellars, which we were called upon to help remedy. In this instance we hauled gravel for temporary embankments to keep surface water away from dwellings.

On December 30 we had to close the bridge over the Shaw'sheen River on Bridge Street, which is in a very dangerous condition. The Mill Street bridge is also in a very unsafe way. We are asking for a \$1000 appropriation to rebuild these two bridges.

July first we moved our Highway equipment to the Roper garage located at the Center, which we rent from the Lowell Co-operative Bank. At this time we also installed our own gasoline tank. In making this change there is a saving to the Town of approximately \$75.00 per month. Our accounts show that from January 1 to June 30 we spent approximately \$2200 for maintaining our Highway equipment,

and from July 1 to December 31 expenses for the same were not over \$1000.

This year a number of streets were oiled and spread with pea gravel, followed by a thorough honing job. This treatment has proven very satisfactory for smoothing. About 305 ton of pea gravel was purchased for this work. Every load being weighed on Town scales by our sworn weigher Mr. James.

The following tables give the amount of material used on the various streets during the year 1936.

OIL AND OTHER BINDER

CULVERTS

New Corrugated metal culverts were installed on the following streets:

Street	Kind		
Old Boston Road	Corr. Paved Coated	14	Near B. & M. Railroad
Helvetia Street	Corr. Paved Coated	24	Near Round Pond
Pleasant Street	Corr. Paved Coated	18	Near Priestly's Res.
Livingston Street	Corr. Paved Coated	24	1000 Ft. from Main St.
Livingston Street	Corr. Paved Coated	12	Near Lyon's Res.
Livingston Street	Corr. Paved Coated	12	Near Robert's Res.

Livingston Street	2 Catch Basins	Near Robert's Res.
Pleasant Street	Corr. Paved Coated 10', 8"	Extension to one near Anderson's residence.
Whipple Road	Corr. Paved Coated 14', 6"	Extension near ice house.

PLEASANT STREET CHAPTER 90

On Pleasant Street we had two contracts for construction. The first extended from the Priestly residence, easterly, a distance of 800 feet. A second allotment, granted by the State and County, made an additional construction of 650 feet. These contracts call for a twenty-four foot gravel road with proper drainage, and covered with a bituminous treatment.

MAINTENANCE CHAPTER 90

The usual maintenance of Chapter 90 was carried out under the provisions of this allotment. All of our Chapter 90 highways are in good condition. The shoulders on all macadam roads were maintained in good order during the year.

For a financial report of the department we refer you to the auditor's report of highway expenditures.

In closing our report we want to thank all of our Town, State and County Officials, and engineers for their splendid co-operation and assistance.

Respectfully yours,

THOMAS P. SAWYER,

JOHN T. GALE,

CHESTER M. ROPER,

Road Commissioners of Tewksbury.

DANIEL STERLING,

Superintendent of Streets.

I hereby certify that I have examined the accounts of Town Officials who were authorized to receive and expend money, for the year ending December 31, 1936, and to the best of my knowledge they are correct, with proper vouchers on file, and \$59,184.58 in the Treasury.

ROBERT E. GAY,

Town Auditor.

Personally appeared before me on this 18th day of January, 1937, Robert E. Gay, and made oath that the foregoing statements were correct.

THOMAS F. FLYNN,

Justice of the Peace.

WARRANT FOR ANNUAL TOWN MEETING

Middlesex ss:

To either of the Constables of the Town of
Tewksbury in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at Town Hall in said Tewksbury, on Wednesday, the 3rd day of February, 1937 at 12 o'clock noon to act on the following articles:

ART. 1. To choose all necessary Town Officers, to choose by ballot a Moderator, a Town Clerk, three Selectmen, three members of the Board of Public Welfare, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden and Constables, (Three), a member of Board of Assessors, a Trustee of Public Library, all to serve one year; one Highway Commissioner to serve three years; one School Committee to serve three years; two Trustees of the Public Library to serve three years; one Park Commissioner to serve three years; one Assessor to serve three years; one Commissioner of Trust Funds to serve three years. And to vote by ballot, on the following question; "Shall an act passed by the general court in the year nineteen hundred and thirty-seven, entitled 'An Act placing under the Civil Service Laws the Office of Chief of Police of the Town of Tewksbury', be accepted". The polls for the election of Town Officers to be opened at 12 noon and close at 8 P. M. And to act on the following articles, commencing at 7 P. M.

ART. 2. To hear reports of Town Officers and Committees and act thereon.

ART. 3. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 4. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 5. To see if the town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1937 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

VOTED: That the town treasurer, with the approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1937 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ART. 6. To see what compensation the Town will vote for the collection of taxes, and what rate and from what date interest will be charged on taxes of 1937 unpaid after Nov. 1, 1937 or any other action relative thereto.

ART. 7. To see if the Town will vote to raise and appropriate the sum of \$350.00 for the proper observance of Memorial Day, and appoint a committee to expend the money. Said committee to be taken from members of Spanish War Veterans, American Legion, or Sons of Veterans.

ART. 8. To see if the Town will authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town, and to sign any contracts or agreements in behalf of the Town.

ART. 9. To see if the Town will vote to appropriate a sum sufficient to pay the County of Middlesex, as required by law, the town's share of the net cost of the care, maintenance, and repair of the Middlesex County Tuberculosis

Hospital, and for the Town's share of the expense under the provisions of Chapter 331 of the Acts of 1933, which provides for the settlement of certain claims of the Commonwealth against the Middlesex County Tuberculosis Hospital District, including interest or discount on temporary notes issued therefor, as assessed in accordance with the provisions of Chapter 111 of the General Laws and Acts in amendment thereof and in addition thereto, or take any action in relation thereto.

ART. 10. To see if the Town will vote to authorize the selectmen to sell, after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the town fourteen days at least before the sale, property taken by the town under tax title procedure provided that the selectmen or whomsoever they may authorize to hold such public auction may reject any bid which they deem inadequate, or take any action relative thereto.

ART. 11. To see if the town will authorize the selectmen and treasurer to petition the land court for a foreclosure of tax titles held by the town for more than two years, as provided in Section 65 of Chapter 60, and to see what sum of money the town will raise and appropriate therefor.

ART. 12. To see what regulations the Town will make for the possession, management and sale of land sold for unpaid taxes and for the assignment of tax titles not inconsistent with law or with the right of redemption as provided in Section 52 of Chapter 60 of the General Laws as amended by Section 3 of Chapter 126 of the Acts of 1927.

ART. 13. To see if the Town will vote to authorize the Board of Public Welfare to set aside a part of their appropriation to be used in conjunction with either Federal, State or County funds whenever in their opinion the pledging of such a sum of money will add to the total amount available for Welfare purposes.

ART. 14. "To see if the Town will vote to continue for another year the committee appointed under Article 76 at the Annual Town Meeting in February 1936 to represent the Town in Auto Insurance Rates, Fire Insurance Rates,

Telephone Rates, etc., with the proper authority to attend hearings when necessary and appropriate a sum to cover necessary expenses."

ART. 15. To see if the Town will vote that all Motor Vehicles, owned by the Town of Tewksbury, shall be lettered on both doors with not less than four inch letters, with name of the Department to which the vehicle belongs, or to take any action relative to same.

ART. 16. To see if the Town will vote to choose by ballot at the Annual Town Meeting in February, 1938, three Selectmen, three members of the Board of Public Welfare, and three members of the Board of Health, one to serve three years, one to serve two years, and one to serve one year, and each succeeding year to choose by ballot one Selectman, one member of the Board of Public Welfare and one member of the Board of Health, to serve for the period of three years, or to take any action relative to same.

ART. 17. To see if the Town will vote to reimburse the treasurer for money spent in the Welfare department under Chap. 44, Sec. 31, the sum of \$238.53.

ART. 18. To see if the Town will vote to raise and appropriate the sum of \$2,238 to be paid the City of Lowell, being the sum due on account of town settlement cases aided in that city.

ART. 19. To see what sum the Town will vote to raise and appropriate for necessary expenses in conjunction with Works Progress Administration projects or its successors approved by the government for the Town of Tewksbury or take any other action relative thereto.

ART. 20. 1—To see if the Town will vote to accept MacLaren Road from South Street to Seventh Street as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk. Or take any other action thereto.

ART. 21. 2—To see if the Town will vote to install one or more electric lights on each of the following streets Bay State Road, Durn Street, and Florence Ave., and raise and appropriate sum necessary for same, or take any action relative thereto.

- ART. 22. 3—To see if the Town will vote to adopt the following by-law. The Treasurer shall in addition to posting notice of a Low Value Land sale in some convenient public place, have a copy of such notice published in the current issue of the local newspaper.
- ART. 23. To see if the Town will vote to install a street light on Marston St., near the residence of Mr. Judd.
- ART. 24. To see what sum of money the Town will raise and appropriate for the conduct of athletics and providing equipment therefor at the high school.
- ART. 25. To see if the Town will appropriate \$2,000.00 or any part thereof for construction of a football field at the high school, and appoint a committee to expend the money.
- ART. 26. To see if the Town will raise and appropriate the sum of \$100.00 for maintaining the Legion Quarters.
- ART. 27. To see if the Town will raise and appropriate the sum of \$2,000.00 to provide heating and sanitary equipment at Legion Quarters.
- ART. 28. To see if the Town will vote to appropriate the sum of \$4,500.00; to provide suitable quarters for the Fire department in the present Legion building, to provide toilet facilities, and a suitable heating system for the Legion headquarters and the Fire Dept. or take any action thereto.
- ART. 29. To see if the Town will vote to appropriate the sum of \$495.00 to provide a suitable signal system for the North and South Fire Department companies or take any action relative thereto.
- ART. 30. To see if the Town will vote to reimburse Clarence and Adelbert Anderson \$1,225.00 for property damage caused by the relocation of Chapman Street or take any other action relative thereto and make appropriation for same.
- ART. 31. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 or any other sum for the improvement of Pleasant Street: said money to be used in

conjunction with any money which may be allotted by the State or County, or both, for this purpose or take any other action relative thereto.

ART. 32. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 or any other sum for the improvement of North Street: said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, or take any other action relative thereto.

ART. 33. To see if the Town will vote to raise and appropriate the sum of \$2,500 for the Maintenance of Chapter 90 highways; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, or take any other action relative thereto.

ART. 34. To see if the Town will vote to raise and appropriate the sum of \$1,000 to construct one new bridge, located on Bridge Street — over the Shawsheen River, and to repair one bridge—located on Mill Street—over the Shawsheen River, or take any other action relative thereto.

ART. 35. To see if the Town will vote to establish a Road Machinery Account, to which shall be credited all receipts received for the use of rental of road machinery, the proceeds to be appropriated as voted by the town for road machinery purposes, or take any action in relation thereto.

ART. 36. To see if the Town will vote to appropriate a sum of money to establish a Road Machinery Fund for the purpose of purchasing, repairing and operating road machinery or take any other action relative thereto:

ART. 37. To see if the Town will vote to increase the Salary of the Town Clerk from \$200.00 per annum, to \$400.00 per annum beginning January 1, 1937, and make appropriation for same.

ART. 38. To see if the Town will vote to increase the salaries of the Selectmen one hundred dollars each per annum, beginning January 1, 1937, and make appropriation for same.

ART. 39. To see if the Town will vote to raise and appropriate the sum of \$1,000 for the suppression of brown tail and gypsy moths.

ART. 40. To see what sum of money the Town will appropriate as a reserve fund as provided for in Sec. 6 of Chapter 40, General Laws Tercentenary edition or take any other action relative thereto.

ART. 41. To see if the Town will authorize the Selectmen to sell any or all of the land devised to it under the will of Martina Gage on such terms as they shall deem advisable.

ART. 42. To see if the Town will vote to raise and appropriate the sum of \$50.00 for the use of the 4-H Club Chairman to be used in connection with 4-H Club activities in Tewksbury, or take any other action relative thereto.

And you are directed to serve this warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices and leave one hundred copies for the use of the citizens at the Post Offices in said Town, 8 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of Meeting as aforesaid:

Given under our hands, this fifteenth day of January, in the year of our Lord, one thousand nine hundred and thirty-seven.

IRVING F. FRENCH	} Selectmen of Tewksbury.
EVERETT H. KING

Annual Report
OF THE
SCHOOL COMMITTEE
OF THE
TOWN of TEWKSBURY

Also Report of
Superintendent of Schools
For the Year Ending Dec. 31,
1936

REPORT OF THE SCHOOL COMMITTEE

The work and supervision of the schools have been carried as usual this year.

At the close of the first year of our new High School the School Committee felt most gratified with the results obtained and now going into the second year with the school better equipped we expect results to be even better.

In calling for an appropriation of \$22,808.00 for 1937 we would call attention to the fact that if the High School pupils were sent to Lowell it would cost the Town of Tewksbury approximately \$26,600.00.

Painting and necessary repairs have been made in all schools and all are in good condition.

A room in the basement of the Foster School has been fixed up for a dental clinic with Dr. John P. Mahoney as Dentist. Dr. Mahoney is at the school one half day every week and fifteen or twenty pupils are attended to each week with a maximum charge to any pupil of twenty-five cents.

Respectfully submitted,

MAY L. LARRABEE, Chairman
GUY B. GRAY,
AUSTIN F. FRENCH, Secretary.

The School Committee recommend the sum of \$54,800.00 be appropriated for the Schools for 1937, based upon the following budget:

Elementary Schools

Superintendent	\$ 877.50
Supervisors	1,300.00
Teachers	16,675.00
Janitors	3,060.00
Transportation	4,200.00
Fuel	1,200.00
Books and Supplies.....	1,400.00
Health	1,100.00
Insurance	629.50

District	150.00
Miscellaneous	400.00
Repairs	1,000.00
	<hr/>
	\$ 31,992.00

High School

Teachers	\$ 12,208.00
Janitors	1,300.00
Transportation	3,000.00
Fuel	700.00
Supervisors	400.00
Books and Supplies	1,400.00
Chemistry supplies.....	500.00
Miscellaneous	2,000.00
Equipment and Repairs.....	1,300.00
	<hr/>
	\$ 22,808.00
Total	\$ 54,800.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,
Tewksbury, Massachusetts.
Madam and Gentlemen:

The following is the annual report on the Tewksbury school system as customarily presented at the close of each fiscal year by the Superintendent of the Schools. This is the seventh in the series that I have had the honor of preparing.

The chief virtue of the report will be its brevity. I have asked my colleagues, the principal of the high school and the supervisors of the special activities to report fully on their departments and I give up the space to them gladly that the public may know what is being accomplished.

IN THE ELEMENTARY SCHOOLS

While not as well advertised as the high school these are the elements which give solidity to our educational system. Each grade in turn is so devised as to be a supporting unit for all those that follow. Accordingly the real foundation is found in the first grades where your children gain their first and most lasting impression of what schools are for and how they are conducted. Here they must learn that the will of the individual must often yield to the good of the group. They learn that they individually are not centers of the universe, but rather parts of a great whole which is only as good as the sum of the qualities of the parts. Here also is gained the knowledge that life is not all "take" but is a matter of "give and take"; that in general one takes in proportion to what he gives, perhaps not in kind, but in general results.

In the primary grades, that is, up to grade four or five the children are gradually furnished with the "tool subjects" of education as some call them. I think a better description may be the "frame work subjects", because upon these depend all that goes to make the finished structure.

The basic subject is, of course, reading; a subject taught longest, and in my opinion least effectively of all of the scholastic materials. This is not applicable to Tewksbury alone. It is a general condition in our American schools. No other subject is taught as long or as

carefully but in no other is the result less satisfactory. Studies are continually in progress by eminent educators in the endeavor to discover what is the difficulty and how it can be corrected. Many of the failures in the high school grades can be traced to poor reading ability. It is sometimes suggested that one great reason for poor reading ability is not poor teaching but lack of practice outside of the school hours. Children have so much told to them by pictures—both still and moving—that they feel no need for reading. The advent of “talking pictures” has reduced this need still further, and the radio reproductions of the so-called “funnies” make it almost unnecessary to read the few words which accompany the popular “strips”.

Similarly writing, which is perhaps next to reading in importance since it is the means by which we convey to others not in range of our voices the ideas we desire to impart, is made to seem less necessary by the many mechanical devices now available to do this work. The typewriter has made the pen an old fashioned instrument. The accounting machines have displaced the old type handwritten journal and ledger. The dictaphone is displacing the stenographer. Telephone and telegraph are reducing still more the need for written thought transmission. Personal correspondence of the delightful type of our grandparents has become a lost art. All of these factors remove most of the motivating urge for learning to write, especially in view of the very utilitarian attitude towards education which is now so common.

In the field of arithmetic we are again faced with the same type of influence. Calculating machines, are rendering accurate and speedy handling of numbers by the human mind seemingly less necessary than in earlier days. Thus again an apparent fact lessens the motivation for learning. Thus we see that the mainspring of the learning process, interest, has been so weakened as to slow up the action of the whole education machinery. It now becomes necessary to “sell” the value of things taught before commencing to teach them. Sometimes this even develops into heated debate. This may be conducive to intellectual strength in the high schools and colleges, but it is certainly a deterrent in the elementary schools.

In spite of all of these new difficulties we are sending your children out into the world better equipped to face life in this modern world than were their elders in their time and age. The modern teacher should be given credit for the excellent work now being accomplished, in that, as has been indicated he has to promote interest in learning as well as to guide in the many subjects to be learned.

Here again the task has been increased amazingly. In the earlier days the course of study was mainly "the three R's" with the later addition of facts and dates in history, physical features and locations in geography, and the names of the bones and muscles in physiology. Most of the teaching was on the basis of WHAT i. e. it was a memory test development of factual knowledge. Today the teacher must tell WHY. Any parent realizes how difficult these "why questions" are to meet. And when the why questions have been answered there remains the endeavor to have the commonly accepted answers accepted by the children. The teacher again has to "sell" the accepted answers to the child so that they will function in his later life. This is increasingly true as they grow older and get more and more false education outside of school, from the careless elders at home and in the neighborhood, from the misleading and exaggerated motion pictures, from the sensationalism provided by the "wood pulp magazines". It is fortunate that Tewksbury has fewer of these miseducating units than are found in most towns. This fact alone has justified already every penny spent on the construction of the new high school.

In summary it can be said that the Tewksbury teachers of today are meeting conditions more difficult than ever faced the teachers of earlier days, and are doing as good a job of it as any group of the teachers anywhere, if not better.

I do not feel that they are adequately paid for the services rendered, nor are they paid all that the town can afford to pay for such services. In this connection I want to quote one parent who said, after spending part of a forenoon in his child's class; "I wouldn't take the job of teaching this class for a hundred dollars a week".

PHYSICAL EQUIPMENT

The school plant in all its element, thanks to the care of the School Committee, is in excellent condition as a whole. There are a few conditions which need attention however.

The heating and ventilation of the older section of the Foster School is mysteriously inadequate. For some undiscovered reason the radiating surface in at least three rooms is only from 40% to 50% efficient. Plenty of steam is available, it seems, but it cannot be made to go where it is needed. In addition the windows of the fresh air intake rooms are permanently closed so that the air inside the building is used over and over and becomes very stale after an hour of school session has passed.

HIGH SCHOOL ATHLETICS

If the town desires to maintain the high standard of competitive athletics which has been set, it will be necessary for some form of financial aid. This can take the form of direct subsidy or it can be accomplished by providing an adequate enclosed field so that gate receipts can be secured to defray the rather heavy expenses involved. This will probably be presented more completely by Mr. Pearson in his report. If a direct subsidy is granted by an appropriation earmarked for athletics it should be granted as a special item added to the school budget to be administered by the School Committee.

CHANGES IN PERSONNEL

The School Committee, superintendent, supervisors, and building principals have remained unchanged from last year.

There were two replacements and one addition in the High School staff. Miss Rena Mills succumbed to matrimony and was replaced by Mr. Edward Manning who also resigned at the close of the calendar year. Mrs. Rena Thiberge, nee Mills, has consented to come back for a reasonable period as substitute. Miss Florence Dyer resigned in June and was replaced by Miss Evelyn Dutton of Dracut, a teacher of unusual training and experience. Large enrollment in the commercial department made necessary the employment of Miss Agnes Phillips as assistant in this department and general utility teacher. Mr. Pearson will probably report more fully on the qualifications of these teachers.

In the elementary grades some changes were brought about by the marriage of Miss Evelyn Fuller in May. Because of her special training Miss Elizabeth Giles was released by Wilmington in exchange for Miss Goldsmith of the Shawsheen faculty. The vacancy at Shawsheen was filled by the employment of Miss Margery Shaw who had been doing cadet teaching in the Foster School. This fall Miss Elinor Allen was transferred from her minor position in the high school to the position of assistant in grades seven and eight of the Foster School.

THE HIGH SCHOOL

From evidence secured from reliable sources in nearly every section of the town it is justifiable to state that the High School is accomplishing the main object for which it was instituted. From the professional standpoint we were less interested in the financial advantages of this venture than in the social and community advantages. We felt that for the future welfare of the children and of the town as

a social unit, a local high school organization would prove of inestimable value. One year of operation has shown that our judgment was sound. From every side we get favorable reports as to its effectiveness along the lines for which we hoped. Each year in the future should see an increase in the effectiveness of this organization with the ultimate result of better unification of the town by virtue of better understanding among those who were schoolmates and friends during the adolescent period.

One of the best evidences of the unifying power of this school was the amazing turnout for the victory banquet of the football team. I am sure amazing is the right word because guests from larger centers who were in attendance were frankly amazed at the size and enthusiasm of that gathering. I was equally pleased and surprised to see how complete a cross section of the population of the whole town was there represented.

The moral effect of such a gathering on the high school pupils was excellent, not so much for its glorification of some thirty athletes but because it gave thirty local boys the moral boost that comes to all of us when we are publicly acclaimed for some accomplishment. And here again is another advantage of the local school. In Lowell not two of these same boys would have had a chance to "be somebody". At the same time the rest of the student body could shine in the reflected glory of their mates.

CONCLUSION

In summary I feel justified in reporting the completion of the most successful year for Tewksbury school children that I have yet had the good fortune to supervise. In prospect I can see nothing but a succession of such successful years, given the same or equal co-operation from my associates on the faculties and the school committee.

Respectfully submitted,

STEPHEN G. BEAN,

Superintendent of Schools.

Jan. 11, 1937.

REPORT OF THE HEADMASTER TEWKSBURY HIGH SCHOOL

January 1937

The Headmaster's Report which appeared in the Town Report last year, was necessarily limited in its scope by the fact that the school had been in existence only a few months, but this report can offer a complete survey of the High School's first year, as well as part of its second year. A complete cycle of school life is a year in length, and policies must be tested at least that long to determine their real worth.

Undoubtedly the most important event occurring during the first year was the awarding to the school in June of a Class A certificate by the State Department of Education. This was the chief goal toward which the school authorities had constantly worked, and the receipt of this certificate at the end of the school's first year was extremely gratifying.

From the beginning the school has been committed to a policy of high standards, and requires that its students secure 80 points to be eligible for graduation, and maintains 70% as a passing grade in all subjects. However the student body has adapted itself to these standards, and it has been a source of satisfaction to the Headmaster and faculty to have as many as twelve students earn a place on the High Honors list, with marks averaging over 90, and approximately fifty more eligible for the regular Honor Roll with averages of over 80. Space will not permit the listing of all those on the Honor Roll but the following list includes those students whose exceptionally high work gained them a place in the High Honors groups during the school year 1935-1936:

Nancy Goodwin	Mason Alexander	Margaret Kelley
Marie McKay	Gilbert French	Stanley Lucas
William Noll	Rita Cote	James Mavrogianis
Warren Osterman	Helen Haas	Helen Gelinis
Joseph Traveis	John Nolan	Aldie Labonte
Rita Sullivan	Eileen Sawyer	Thomas Sparkes
	Eleanore Fitzgerald	

The climax of the first year's scholastic achievement came with the graduation ceremonies which included the awarding of various prizes. Twenty-eight young men and women graduates garbed in appropriate academic caps and gowns, listened to the inspiring ad-

dress by Headmaster Wade of Worcester Academy, and received their coveted diplomas from acting Chairman of the School Board, Mr. Austin French. The Chairman of the School Board, Mrs. Herbert M. Larrabee, was unfortunately confined to the hospital on this occasion. By virtue of having the highest ranks in the graduating class, Marie McKay, Editor of the school paper, and Frank Livingston, Captain of the football team, were selected as Valedictorian and Salutatorian, and both delivered addresses which proved highly interesting to the audience. Stanley Lucas a member of the Junior class was awarded the Washington and Franklin medal for excellence in American History, by Mr. Graham R. Whidden representing the Sons of the American Revolution.

A complete list of the 1936 graduates follows:

Bailas, Mary	Houlihan, William	Nolan, Jack
Bolton, Catherine	Fitzgerald, Marion	Obert, Jennie
Bowden, Marion	Livingston, Frank	Ogston, Dorothy
Briggs, Phyllis	MacLellan, Josephine	O'Rourke, Terrence
Bubanas, John	Martin, Mary	Pestana, Olga
Cogan, Mary	McCann, Mark	Powell, Robert
Crown, Betty	McCormack, Edward	Roper, Dorothy
Dewing, Philo	McKay, Marie	Sparkes, Thomas
Haines, Olive	Mullin, Fanchon	Tarvels, Joseph

At the close of registration in September 1936, the school numbered 214 students divided as follows:

Freshmen	69	Sophomores	59
Juniors	63	Seniors	26
Post Graduates		7	

The division of students by courses is:

Commercial	87	Manual Training	27
College	66	General	22
Home Economics		12	

The Tewksbury High School curriculum is based upon that advocated by the State Department of Education for schools of this size, and includes the following subjects: English, French, Latin, College Mathematics, Algebra, Geometry, General Mathematics, World History, American History, Ancient History, Typewriting, Shorthand, Junior Business Training, Accounting, Business Law, Physics, Biology, Chemistry, General Science, Citizenship, Problems of Democracy, Mechanical Drawing, Manual Training, Home Economics, Music, and Physical Education.

Special mention should be made of the Manual Training Department, supervised by Mr. McSheehy, which has proved a real asset to the school in so many ways. The boys in this department constructed the bleachers which were used at the Tewksbury Recreation Club's field and are now set up in the auditorium for basketball games, and this feature materially increased the box office receipts at both places. In addition to this they have turned out during the year the two dozen tables in the lunch room, typewriter benches, picture frames, score boards, and many other things at a great saving to the school department.

The Commercial Department has helped materially toward the operation of the school by taking care of the mimeographing of all programs, menus, examinations, and the school paper. In addition to this the more advanced commercial students assist with the filing, typing, and other features of school office work. The Home Economics Department takes charge of the entertaining of guests, and the development of interior decorations for the school, while the Art Department has been of great service in designing school emblems, posters, favors, and signs.

There had been a change in the make-up of the faculty, with Miss Evelyn Dutton taking the place of Miss Dyer as teacher of Home Economics, Mr. Edward Manning replacing Miss Mills in the English department, and the addition of Miss Agnes Phillips to help Miss Chandler with the Commercial work. Miss Dutton is a graduate of Framingham, Mr. Manning of Harvard, and Miss Phillips of Boston Teacher's College. In January Mr. Manning left the school to accept a position at Barnstable High, and Mr. Longley left to take a position at Franklin, Massachusetts.

Mr. Manning is being replaced temporarily by Miss Mills who is now Mrs. Theberge, but no successor for Mr. Longley has been named as yet.

Extra-curricular activities have been stressed at Tewksbury High School as a means of making school life more interesting, and at the same time broadening the scope of the student's education. Oftentimes the experience gained from managing a school publication, playing on a school team, or acting in a school play, has been invaluable to the student in later life.

Under the capable direction of Miss Maquire the school paper, the Hi-Lights, was published regularly every month and unlike most similiar ventures, showed a profit at the end of the year. The splendid work of Miss Mills and Miss Allen resulted in the presentation of one

elaborate school play "Adventure Bound", a minstrel show, and several minor presentations, all of which were successful. This work is being continued this year by Miss Phillips and Mrs. Theberge.

Tewksbury High students will have a chance to gain dramatic experience in the field of radio this year, when the school presents four fifteen-minute radio plays over radio station WLLH. The dates for these broadcasts will be February 11, March 25, April 29, and May 27. This is a new feature of the school's activities and should prove a valuable experience to the students involved.

The dancing class which proved so successful last year, was conducted this year under the direction of Miss Naomi Gilhooley and proved a medium through which nearly half the students gained dancing instruction. The various school dances have been a source of great enjoyment to all the students, with the formal Senior Promenade, Christmas Party, Halloween Dance and Graduation Ball, the more outstanding social events. Students from other schools have been invited to these affairs, and their support has tended to improve relations between the suburban schools. Glee Club, Orchestra, and Chorus groups have been organized by Miss Adams, the Music Supervisor, and the Cooking class for boys started last year has been successfully continued under the direction of Miss Dutton.

Athletics as an extra-curricular activity have an important position in school life and demand special mention. The "athletics for all" policy at the school has borne fruit, and Tewksbury has been able to maintain an enviable position in suburban high school athletic circles, even though it is the smallest institution in the league. For two years Tewksbury High football teams have been highly successful under the leadership of Coaches Dunnan and Hazel, and the basketball and baseball teams did well. Miss Chandler and Miss Scoboria took charge of athletics for the girls, coaching basketball and also Volleyball, bowling and softball. One of the high-lights of the 1936 athletic season was the winning of the suburban relay championship by a quartette of Tewksbury High runners, and Gilbert French's winning of the suburban Dash title at the annual Greater Lowell Track Meet. An Intra-mural volleyball league was formed during the fall, with nearly all the students not on the regular varsity teams included, and the ten teams each captained by a teacher and representing a different college played through a hotly contested tournament. Tennis will be developed in the spring as soon as the courts are available.

In any educational institution the problem of paying the expenses incurred by the various athletic teams is of paramount importance. The main sources of revenue are generally the school budget, the

student body, and gate receipts. Since it is desirable to relieve the school budget from bearing the burden if possible, and the amount that can be donated by the students is necessarily limited, a discussion of the other possibility—gate receipts—is pertinent.

Most large schools and many small ones support their entire athletic program from gate receipts. Since basketball generally does no more than clear expenses, and baseball, track, and other sports with limited spectator appeal are conducted at a distinct loss, this means that the receipts from football games support the athletic program. This system has of course many disadvantages from a school administration standpoint, but it does mean that the spectator and not the school budget pays for the athletic program. Under this system it is apparent that every effort must be made to make the football season a box-office success, and this of course explains the tremendous "bally-hoo" of high school and college football games.

It was felt by the school authorities when the interscholastic sports program was started in the fall of 1935, that the chief source of revenue for its support would be gate receipts, but this has not been the case. During the first football season the Tewksbury High School team made a remarkable record but the receipts at the home games nowhere near covered expenses. However, the prevailing impression was that if the games had been scheduled for Saturday instead of Friday afternoons the games would have been a success from a box-office standpoint. Consequently, when the 1936 schedule was adopted it was specified that each game be played on Saturday or a holiday. The 1936 team established a good record, but with the exception of the Dracut game which was played in Lowell, no one of the home games was a real success financially. True, a profit of ten or twenty dollars might be made but this would not materially reduce the size of the athletic association's deficit.

Football is unlike the other sports in that it demands the use of a great deal of expensive equipment, such as cleated shoes, padded uniforms, etc., with which a player must be outfitted to be able to play the game with the minimum physical risk. Cheap or inadequate football equipment means injuries, and of course handicaps the players mentally and physically in the contests. With eleven men playing on the first team and a large number of additional players necessary due to the nature of the game, it means that the high cost per man has to be multiplied by at least twenty-five. Consequently there is an irreducible minimum for the support of this game below which it is unsafe to go, and that figure is approximately \$350. Dividing that amount by five home games from which receipts are to be collected, it is evident that a profit of seventy dollars per game over and above the expense of officers, care of field, guarantees to visiting teams, etc.,

must be made. Until the school games can attract much larger crowds of spectators it is manifestly impossible to support football from gate receipts.

A football team is an asset to a school and to a community if for no other reason than that it develops school and community spirit and pride, and this part of the school athletic program should not be abandoned without careful thought by all parties concerned. The proposal has been made that a separate appropriation be made in the annual warrant for the support of high school interscholastic athletics, particularly football, and it would seem to be very wise solution of the difficulty. It would tend to eliminate the undesirable "bally-hoo" feature of the game and would take away the emphasis on gate receipts. A practice similar to this has been inaugurated in one of the suburban towns and has worked out very successfully.

Respectfully submitted,

WHITMAN PEARSON,

Headmaster.

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent and School Committee of Tewksbury:

As Supervisor of Music in the schools of Tewksbury, I submit the following report:

It is rather difficult to write in a few words, a report covering all phases of the work, but I shall endeavor to bring out some important points.

Music is a universal medium of expression and contributes much to the growth of character. School music should be a vital force, not only in school, but in the life of the pupil.

I have a class in music appreciation; a glee club and an orchestra at the High School once each week. I hope that some in the orchestra can play with the New England High School Festival Orchestra, this spring, at the concert in Hyannis, Massachusetts.

Boys and girls should be encouraged to play a musical instrument. However, it is well to use expert judgment in the choice of the instrument. One pupil might excel on the violin, while another could do better on the piano or some other instrument.

The class in High School Appreciation has studied the instruments of the Symphony Orchestra; American music and composers; have become familiar with some of the best music and with present day artists.

Mrs. Larrabee gave a large victrola and records to the grade schools. We have also had the use of another victrola and I wish to express my appreciation for both.

We are very pleased with the new books in Grades Three and Seven at the Foster School and in the Sixth Grade at the Shawsheen School.

I am glad of this opportunity to express my sincere appreciation to all for their co-operation in my work.

Respectfully submitted,

M. MARION ADAMS,

Supervisor of Music.

REPORT OF SUPERVISOR OF DRAWING

To the Superintendent and School Board of Tewksbury:

In June of 1936 the Tewksbury Schools did not have a drawing exhibition. The previous five years brought forth an annual drawing exhibition together with sewing and manual training. In 1936 due to various town functions coupled with the fact that both manual training. In 1936 due to various town functions coupled with the fact that both manual training and sewing were discontinued the drawing exhibit was postponed until another year.

An annual showing though commendable, is apt to be somewhat monotonous. Although Tewksbury townspeople have always responded to the exhibits, a season's rest should make the next year's endeavors even more pleasing and interesting due to the fact that each child will have had a longer period for improvement.

At the Shawsheen School the eighth grade did remarkably well in constructing puppets for the play of Hansel and Gretel. This activity was conducted during drawing and spare time, and each child in the room worked on some part of the show. Credit is due to Mr. Stavely for his help in constructing a platform out in the pine grove, and extending lights for an evening performance.

Much of the work in the other schools was similar to the previous year except for some new applications.

Certain fundamental principles must be taught and reviewed at intervals through the grades and high school, with follow-up lessons of application. These principles deal with design, color, lettering, measurement, and representation. Through this work the child acquires a drawing vocabulary which gives him the necessary initiative to express himself.

In the final analysis, drawing in the public schools sifts down to constructive observation and a training in the use of material to equal the need.

Again I wish to thank Superintendent Stephen Bean and the School Board for the opportunity of supervising drawing in the Tewksbury Schools.

Respectfully submitted,

VICTORIA ROSATTO,

Supervisor of Drawing.

January 12, 1937.

REPORT OF SCHOOL PHYSICIAN

To the School Committee of the Town of Tewksbury:

The following is a brief summary of the health conditions in our schools. There have been a lessened number of contagious cases to interfere with attendance than for many years. The usual number of cases of tonsils and adenoids were found and parents notified. The dental situation has come to a happy solution in the establishment of a dental clinic backed by the health department. We now have a well appointed clinic, where a very high grade dental physician is meeting the children one day a week and doing excellent work. This in my opinion is one of the most constructive moves that could have been made, since poor teeth are the greatest cause of poor health and inattention to school work.

Respectfully submitted,

HERBERT M. LARRABEE, M. D.

School Physician.

January 10th, 1937.

REPORT OF SCHOOL NURSE

To the Superintendent and School Committee of Tewksbury:

As School Nurse I submit the following report:

I have made two hundred and eighty visits to the schools. Every child has been weighed and measured and physical record cards sent home with the report cards.

Every child has been examined for pediculosis, cleanliness, skin eruptions, etc., every two months, contagious cases have been followed up and everything done to prevent their spread.

I have made sixty-five visits to the homes, and the parents have been willing to co-operate with me in every way. I have obtained two hundred and ten dental corrections for the children and eighty-eight corrections in vision. Six children have been with me to have their tonsils and adenoids removed and have influenced the parents to attend to the matter themselves in many cases.

Dr. Larrabee has vaccinated all children just entering and examined them all during the school year. I assisted him and recorded the defects found and am obtaining corrections. I have done two hundred simple dressings in school.

Every year the State Board of Health will give all children in the seventh and ninth grades the Tuberculin Test, if they desire it, in this way every child will have the advantage of this test once during his school life. Positive case will be X-rayed and followed up until cases are dismissed as well.

Last spring we held our third clinic for the immunization of diphtheria.

We have installed equipment for Dr. John Mahoney and have a dental clinic every Friday morning in the Foster school.

Respectfully submitted,

EMMA P. MACLAREN,

School Nurse.
